

APM North East Branch

Branch report 2021-22

APM at 50:
Better projects for
a better future

APM Branches – Get involved

APM Branches offer opportunities to network and learn about latest developments in project management within your region.

- Volunteer within your local project management community
- Create knowledge sharing opportunities – virtual and face to face
- Inspire future Project Managers
- Give back to the Project Management profession
- Learn new skills
- Many more reasons!

Visit the Branch website to find out more - www.apm.org.uk/community/

APM Branch - 2022 to the future

A friendly bunch of people from a variety of backgrounds (Academic, Construction, Nuclear, Utilities, Business Change, Infrastructure, Super Yachts). Even though the challenges of COVID are still looming we add value to the APM via primarily engaging with other project professionals both regionally and nationally whilst providing a physical presence of the APM in our respective regions which includes engagement with large corporate members.

We are currently gearing up to attempt to re-enter the physical events arena with an option of a hybrid model to increase visibility and capture a wider audience previously untapped.

Our key focus moving forward will be to bring the project management profession together, share knowledge and best practice to enable future generations of project professional to achieve great things.

- David McDonagh, APM North East Branch Chair

APM Branch activity report 2021-22

- Activities included
- Debate: Which will contribute the most to project success, data processing or culture? webinar
